Subject: M27 Junction 9 - Westbound entry slip road - Temporary weekend closure (From 9.00pm Friday 27th November to 6.00am Monday 30th November 2020)

Dear Councillor Huxstep,

Temporary road closure – M27 J9 westbound entry slip road

I am writing to update you about planned weekend work required for the M27 Junction 9 and Parkway South Roundabout improvements. The works being undertaken will require the temporary closure of the westbound entry slip road at M27 Junction 9. The works will include the replacement of safety barriers, carriageway widening and resurfacing.

The westbound entry slip road at M27 Junction 9 will be closed from 9.00pm on Friday 27th November 2020 and will remain closed until 6.00am on Monday 30th November 2020.

A plan showing the location and extent of the closure, along with the proposed diversion route is attached. A signed diversion will be in place to redirect affected traffic.

Should you have any concerns whilst the works are being undertaken, please contact our works contractor Skanska on 0330 105 1991. May I apologise for any inconvenience caused, and please be assured that we will do all we can to keep any disruption to a minimum.

A letter will be sent to residents and businesses within close proximity of the works. Information regarding these works will also be distributed to local residents and businesses that have subscribed to the e-newsletter and the scheme webpage will be updated <https://www.hants.gov.uk/transport/transportchemes/m27junction9>. Updates will be sent directly to key stakeholders including the emergency services. A press release has been prepared and HCC Corporate Communications will also be utilising social media to notify the public.

SSE night works and temporary road closures – Whiteley Way (25th - 28th November 2020)

Please note that SSE will also be carrying out works next week on Whiteley Way, between Parkway South Roundabout and the junction with

Parkway located to the north of the roundabout, which will require temporary road closures at night (10.00pm to 5.00am) from Wednesday 25th November to Saturday 28th November. The works are required for the diversion of underground high voltage electricity cables. A signed diversion via Parkway will be in place to redirect affected traffic during these closures. Should you have any concerns whilst these works are being undertaken then please contact SSE directly on 0845 330 5748.

If you have any questions or require additional information then please let me know.

Regards

Duncan Stewart
