Subject: M27 J9 & Parkway South Roundabout - Night works & road closures (September 2020)

Good afternoon Councillor Huxstep,

I am writing to update you about further planned night works required for the M27 J9 and Parkway South Roundabout improvements during this coming September. Night time working is necessary to avoid delays to the highway network. A plan showing the location and extent of each of the closures, along with the proposed diversion routes is attached. Local signed diversions will be in place to redirect affected traffic during these closures.

The locations and approximate durations of road and lane closures are as follows:

- **Whiteley Way** (Southbound between Parkway South Roundabout and J9)
Tuesday 1st to Thursday 10th September, Monday-Friday, 10pm to 5am
Southbound closure only between Parkway South Roundabout and M27 Junction 9 (Please note Whiteley Way will remain open to northbound traffic).
- **Rookery Avenue**
Friday 11th to Friday 18th September, Monday-Friday, 10pm to 5am
Both directions closed between Parkway South Roundabout and the roundabout at the junction of Rookery Avenue and Solent Way.
- **Parkway**
From 7am on Saturday 12th September to 7pm on Sunday 13th September; and on Saturday 19th September from 7am to 7pm.
Both directions closed on Parkway between Parkway South Roundabout and a point approximately 140m south east of Parkway South Roundabout.
- **Whiteley Way** (North of Parkway South Roundabout)
Monday 21st to Tuesday 29th September, Monday-Friday, 10pm to 5am

Whiteley Way closed in both directions between Parkway South Roundabout and the junction with Parkway located north of the roundabout.

The works being undertaken include drainage improvements, public utilities diversions and ducting works for new traffic signals.

Should you have any concerns whilst the works are being undertaken, please contact our works contractor Skanska on 0330 105 1991. May I apologise for any inconvenience caused, and please be assured that we will do all we can to keep any disruption to a minimum.

A letter will be sent to residents within close proximity of the works. Information regarding these works will also be distributed to local residents and businesses that have subscribed to the e-newsletter and the scheme webpage will be updated <https://www.hants.gov.uk/transport/transportchemes/m27junction9>. Updates will also be sent directly to key stakeholders including the emergency services.

If you have any questions or require further information please let me know.

Regards

Duncan Stewart
