Dear Councillor Porter and Councillor Huxstep,

You will be aware that works to undertake large patching repairs on both B2150 Green Lane (Hambledon Road) and B3047 Bishops Sutton Road, had mobilised recently in preparation for the summer 2020 surface treatment programme. However, with the ongoing disruption to business as usual, created by the COVID 19 situation we have unfortunately experienced delays, as a result of workforce resourcing issues. We are working hard to remedy this although we do envisage a further delay before we are able to complete the works.

-

I will write to you again once the recommencement date is known.

Please accept my apologies for any confusion this change may have caused.

Yours sincerely,

**Derek Osborne**
